

Notice of Public Meeting

- What:** U.S. Environmental Protection Agency (EPA), Region VI, in coordination with the City of Fort Worth, invite you to attend a Public Meeting
- When:** Thursday, November 15, 7 p.m.
- Where:** Woodhaven Country Club, 913 Country Club Lane, Fort Worth
- Details:** Demolition of the Oak Hollow Apartment office building using an Alternative Asbestos Control Method (AACM)

Topics to be discussed:

- What is the AACM demolition method?
- Where and when has this method been used in the past?
- What is going to happen on the day of the demolition?
- When is the demolition going to happen?

Demolition: Oak Hollow Apartment office building located at 5901 Boca Raton Boulevard, Fort Worth

Scheduled for first week in December 2007.

Rain or strong winds could cause delays or rescheduling.

NOTE: Demolition of Oak Hollow apartment units will follow, but will NOT use the AACM method.
